19 February 1959

MEMORANDUM FOR RECORD

25X1A9a SUBJECT: Meeting with [REDACTED], TSS/DD/P, re "Requirement for Emergency Standby Facility"

25X1A9a 1. The undersigned met with [REDACTED] on Wednesday, 18 February 1959, to discuss possible TSS requirements for standby emergency facilities necessary to continue operations in event of attack. [REDACTED] read 25X1A9a the survey report of the plant of [REDACTED] 25X1A5a1

25X1A5a1 [REDACTED], for possible use, and stated that because of the varied and complex branches and divisions of R&D work being performed, it would be difficult to say what was required. He agreed to contact the various branches and divisions concerned, in an effort to determine the overall requirements for Tools and Equipment necessary. This will cover the Engineering, R&D; Chemical; Document Printing and Reproduction; and Visual Aids shops now in use.

25X1A9a 2. [REDACTED] was advised of the steps already taken by this office to acquire the emergency standby printing facilities and that once the requirements for TSS are firm, every assistance would be given to his office to arrange for surveys of prospective locations and final arrangements made with the [REDACTED]

25X1A 3. The undersigned will follow-up on this assignment in the near future.
